

IPIC2017 - International Primary Immunodeficiencies Congress

Focus on Diagnosis and Clinical Care

Date: 8-10 November 2017

Venue: Crowne Plaza Hotel - Dubai Festival City, UAE

IPIC2017: IPOPI is hosting IPIC2017 in the vibrant city of Dubai on 8-10 November 2017!

The uniqueness of IPIC comes from its clinically orientated programme prepared with the input from the key primary immunodeficiencies stakeholders: doctors, patients and nurses.

[Register today](#) at the early bird rate!

Congress programme: The congress programme promises to be even more exciting this time featuring an array of world renowned expert physicians and leading stakeholders from the PID community who will share their experience and provide invaluable perspectives on major clinical considerations:

- Early detection for optimal care;
- Transplant advances;
- PID clinical priorities by world region
- Novel treatments;
- PID care and ethical issues... among many others important topics!

Abstracts for poster presentation: IPIC2017 welcomes the submission of abstracts for original contributions to the field of clinical care of primary immunodeficiencies. The 3 best posters will receive an award and the opportunity to give an oral presentation of their posters in a dedicated congress session. Deadline for submission: June 30, 2017

Background information: IPIC2017 is an international scientific meeting focusing on the diagnosis and clinical management of Primary Immunodeficiencies (PIDs) that is building on the outcomes of IPIC2013 and IPIC2015, held respectively in Estoril (Portugal) and Budapest (Hungary). In 2015, 80% of clinicians applying for CME accreditation indicated that IPIC will change their clinical practice.

Why Dubai: Dubai is a major connecting hub, between Europe, Africa, Asia, Oceania, Latin America and North America, with direct flights and attractive airfares. IPIC2017's partnering airline is Emirates with special conditions being offered to all congress participants.

The city has a welcoming cosmopolitan vibe and November is a cooler month with average temperatures around 25 °C (77 °F) making it an exceptional time to visit.
